

Food4Kids Backpack Program of North Florida provides food to children at risk of hunger during weekends and holidays. Rolling backpacks are distributed at schools each Friday to participating children and returned on Monday to be refilled. The program cost per child is approximately \$6 a week or \$250 for the entire school year. One out of four children in Alachua County lives in food unstable homes. With your help, they can have better access to nutrition when school is not in session.

Please consider sponsoring a child and help keep the backpacks filled!
